***No. However, it is strongly preferred and recommended. The airport will maintain several drop areas for quick turns but may not be able to accommodate all aircraft parking needs. Our customer service desk can be reached at 334-844-4597, or please email [airport@auburn.edu](mailto:airport@auburn.edu).
- **Where is aircraft parking?**

Due to the large volume of expected aircraft, the airport may require aircraft to park in remote locations other than the FBO Apron. Runway 11/29 will be closed for overflow parking, as well as the West apron. Staff will shuttle crews and passengers from remote locations to the terminal building continuously.
